E: (Subjective Question)

Read these two passages. Then answer the question that follows.

People have lived in caves for thousands of years. Cave houses have many advantages. They're easy to make and don't cost a lot of money. They are cool in the day and warm at night. The only problem with caves can be rain because when it rains caves can become wet. Because of this, people live in caves in countries where it doesn't rain very much. You can find examples of ultra-modern cave houses in the Australian desert, where it is incredibly hot.
