

**The Q Classroom**

Activity A, p. 106

Answers will vary. Possible answers:

1. The product information can tell us the amount or size of the product, the ingredients, and the nutritional content. Or the information can tell us what colors, sizes, and types of a product are available. Sometimes it helps me decide to buy, but sometimes it's confusing.
2. Every day I decide what to wear and what to eat for lunch. In my lifetime, I will decide how to make my living and where to live.

Activity B, p. 107

- Felix  No  
Sophy  Yes  
Yuna  No  
Marcus  Yes

**PREVIEW THE READING**

Activity A, pp. 108–109

1. trust
2. recommend
3. research
4. choose
5. require
6. reputation
7. purpose
8. choices

Activity C, p. 109

Answers will vary. Possible answer:

I think the title means that too many products can be confusing. When you have a lot of products to choose from, it can be

hard to choose the right one. Sometimes it's easier to make a decision if there are only a few choices.

Activity D, p. 109

Answers will vary.

**WORK WITH THE READING**

Activity B, p. 110

2. It is difficult to make a decision when there are many choices.

Activity C, p. 111

1.
  - People pay more for special products.
  - Shoppers like to have choices.
2.
  - Shoppers don't know if they are making the best choices.
3.
  - A small decision is as much work as a big decision.
  - There is too much information.
4.
  - They can give less information.
  - They can ask questions to help the customer decide.

Activity D, p. 111

Answers will vary. Possible answers:

1. A smart shopper compares prices and knows a lot about products.
2. Shoppers are stressed because there is too much product information.
3. Simple shopping decisions make shopping easier and less tiring.
