Write what you would do.

Choose one of the following solutions and write about it:

- to be kind.
- to defend your colleague who is being bullied. ( SB Page 44)

If I were in class and heard some students making fun of someone. I would defend her/him and stop them. I couldn't stand still. I will help her because bullying makes her upset and depressed. I also advised her to ignore them and hang out in groups. So they couldn't annoy her.

She was grateful for my support. She promised to tell our principal and parents about that. Finally, bullying has a negative effect and can cause long-term problems to the victim.
