STUDENT

مرحبا ...

مرفق لكم نموذج من اختبارات الميد
ترم للأعوام السابقة بإمكانكم الاطلاع
عليها دون الاعتماد الكلي عليها
الهدف معرفة طريقة الأسئلة
سائلين الله العلي القدير ان يوفقنا
واياكم .

Form B

Question.3 (5 Marks): In the context of your study in this course, answer the following:

1. Imagine that you are in a journey to the sun, answer the following questions.
 - a. Which technology is suitable to live such like this experience?

.....
.....
.....

- b. Define it.

.....
.....
.....

- c. What is the specialized hardware you need?

.....
.....
.....

2. Define operating systems and describe the three function of operating system.

.....
.....
.....
.....
.....

Form B

Question.1 (10 Marks): Choose the Correct Answer (One Answer is Correct)

1.01	1.02	1.03	1.04	1.05	1.06	1.07	1.08	1.09	1.10
C	D	C	A	C	D	A	B	B	C

- 1.01 Hyper-V is example of:
 A Utilities
 B Virtual machine
 C Virtualization software
 D OS.
- 1.02 is often used to score standardized multiple-choice test.
 A Optical-Character Recognition(OCR)
 B Optical-Ink Recognition(OIR)
 C Magnetic-ink Character Recognition(MICR)
 D Optical Mark Recognition(OMR)
- 1.03 This type of keyboard uses a touch screen as the input device:
 A Hard drives.
 B Memory
 C PDA Keyboard
 D Microcomputer
- 1.04 The smallest type of microcomputer:
 A Handheld
 B tablet
 C Midrange
 D Notebook
- 1.05 The ability to switch between different applications stored in memory is called:
 A Programming
 B Operational interference
 C Multitasking
 D Diversion
- 1.06 The type of file created by word processors to save, for example, memos, term papers, and letters.
 A Database
 B Worksheet
 C Presentation
 D Document
- 1.07 Mobile operating system developed by Apple and originally called iPhone OS
 A iOS
 B BlackBerry OS
 C Android
 D Mac OS
- 1.08 Web authoring is
 A Creation of a Book.
 B Creation of a Site.
 C Writing a Novels
 D Looking a Site.
- 1.09 Programs that organize, analyse, and graph numeric data such as budgets and financial reports.
 A DBMS
 B spreadsheets
 C suites
 D word processors

Form B

1.10 Also known as productivity suites

- A Cloud
- B Suite-online
- C Office
- D Integrated

Question.2 (5 Marks): Match each numbered item with letter in this table write your answers in the space provided:

A. Cloud computing		An example of presentation programs
B. Apple Keynote		A box displaying a list of information from which can select
C. Utilities		In the Microsoft word the red wavy line indicates.
D. Spreadsheets		uses the internet and the web to shift many computer activities from a user's computer to computers on the internet.
E. Sockets		One of the basic application software.
F. List box		An aria where you type in the requested information
G. Text box		Provide a connection point for specialized card or circuit boards
H. Misspelled word		Specialized programs to make computing easier.
I. Dialog box		Connection point for chips
J. Spelling or grammar error		A window that is displayed whenever the program requires additional information
K. Slots		

1.01	1.02	1.03	1.04	1.05	1.06	1.07	1.08	1.09

- 1.01 **Hyper-V is example of:**
- A Utilities
 - B Virtual machine
 - C Virtualization software
 - D OS.
- 1.02 **..... Is often used to score standardized multiple-choice test.**
- A Optical-Character Recognition(OCR)
 - B Optical-ink Recognition(OIR)
 - C Magnetic-ink Character Recognition(MICR)
 - D Optical Mark Recognition(OMR)
- 1.03 **This type of keyboard uses a touch screen as the input device:**
- A Hard drives.
 - B Memory
 - C PDA Keyboard
 - D Microcomputer
- 1.04 **The smallest type of microcomputer:**
- A Handheld
 - B tablet
 - C Midrange
 - D Notebook
- 1.05 **The ability to switch between different applications stored in memory is called:**
- A Programming
 - B Operational Interference
 - C Multitasking
 - D Diversion
- 1.06 **The type of file created by word processors to save, for example, memos, term papers, and letters.**
- A Database
 - B Worksheet
 - C Presentation
 - D Document
- 1.07 **Mobile operating system developed by Apple and originally called iPhone OS**
- A iOS
 - B BlackBerry OS
 - C Android
 - D Mac OS
- 1.08 **Web authoring is**
- A Creation of a Book.

 - D Looking a Site.
- 1.09 **Programs that organize, analyse, and graph numeric data such as budgets and financial reports.**
- A DBMS
 - B spreadsheets
 - C suites
 - D word processors

Form B

1.10 Also known as productivity suites

- A Cloud
- B Suite-online
- C Office
- D Integrated

Question.2 (5 Marks): Match each numbered item with letter in this table write your answers in the space provided:

A. Cloud computing	B	An example of presentation programs
B. Apple Keynote	F	A box displaying a list of information from which can select
C. Utilities	H	In the Microsoft word the red wavy line indicates.
D. Spreadsheets	A	uses the internet and the web to shift many computer activities from a user's computer to computers on the internet.
E. Sockets	D	One of the basic application software.
F. List box	G	An aria where you type in the requested information
G. Text box	K	Provide a connection point for specialized card or circuit boards
H. Misspelled word	C	Specialized programs to make computing easier.
I. Dialog box	E	Connection point for chips
J. Spelling or grammar error	I	A window that is displayed whenever the program requires additional information
K. Slots		

Form B

Question.3 (5 Marks): In the context of your study in this course, answer the following:

1. Imagine that you are in a journey to the sun, answer the following questions.
 - a. Which technology is suitable to live such like this experience?

Virtual Reality (VR)

- b. Define it.

An artificial or simulated reality created in 3-D by computer.

- c. What is the specialized hardware you need?

Headgear and gloves

2. Define operating systems and describe the three function of operating system.

① - Managing resources

② - Provide user interface

③ - Running applications

- Web site that provides access to specific mobile apps is called a(n):
- a) mobile store
 - b) app store
 - c) iPhone apps
 - d) smartphone store
- 7) Google Docs, Zoho, and Microsoft Office Web Apps are examples of:
- a) basic applications
 - b) cloud suites
 - c) utility suites
 - d) specialized applications
- 8) The binary system consists of only two digits: 0 or 1, called a:
- a) bit
 - b) byte
 - c) character
 - d) word
- 9) The newest type of computer that is smaller and lighter than a notebook and typically does not have a keyboard but uses a touch sensitive screen for input.
- a) netbook
 - b) notebook
 - c) tablet
 - d) server
- 10) A collection of related data equivalent to an electronic file cabinet:
- a) database
 - b) spreadsheet
 - c) word processor
 - d) presentation graphics
- 11) The programs that convert programming instructions written by programmers into a language that computers understand and process are language:
- a) converters
 - b) managers
 - c) linguists
 - d) translators
