NURSING PROGRAM STUDENT HANDBOOK

DEPARTMENT OF NURSING

At a glance

The Department of Nursing at the University of Jeddah was established in 2018, within the College of Applied Medical Sciences to address the existing health care needs. The Bachelor of Science in Nursing program provides specialized courses such as Maternity & Children Health, Mental Health, Critical Care & Emergency, Family & Community Health, and Management & Leadership to name a few.

These courses are designed with high quality, to provide students with the necessary education and training. To qualify them for healthcare service and development. Graduates of this program are provided with the career opportunities of a Registered Nurse. In addition to competition in the labor market, besides the hospital setting, career opportunities also exist in research, education, public health and more. The degree also opens doors for the pursuit of graduate studies in nursing Master's and PhD.

Graduates of this department are expected to be excellent leaders in the development of clinical nursing practice, clinical research, management, and nursing education in various medical and educational facilities in the Kingdom of Saudi Arabia. Nurses also carry the task of raising health awareness and education in the community. At present, there is a high demand for nursing services locally and globally, which has led to an increase in the number of Nursing education programs in colleges and universities, to meet the needs of this healthcare and humanitarian specialty.

DEPARTMENT VISION

To lead a unique academic environment in nursing education, research and community service.

DEPARTMENT MISSION

To graduate qualified nursing staff to work in the health field, trained in a motivating learning environment, conducive to learning, research and community service committed to the career ethical values.

DEPARTMENT GOALS

1. Educate and train nursing students to meet national and international nursing standards of practice, and the needs of the local and global labor market.
2. Practice leadership skills and management to improve the quality of nursing and health services in the Kingdom.
3. Serve as the thematic link between nursing sciences and healthcare challenges.
4. Encourage continuous education to ensure the development of the profession.
5. Conduct scientific research necessary to develop nursing and healthcare.
6. Strengthen community participation and spread health awareness to improve the nursing profession.
7. Graduate highly efficient nursing professionals capable of handling all modern devices and technologies used in the field of nursing practice and research.

PROFESSIONAL OCCUPATIONS/JOBS

1. Nursing Specialist (in public and private hospitals, healthcare centers).
2. Academic in medical colleges (faculty member).

DEPARTMENT PROGRAMS

Bachelor of nursing program (4 years and 1 year internship)

Bachelor of Nursing Program – Course Titles and Credit Hours

Preparatory Year (PYD)

First Semester

Course Code	Course Title	Prerequisite	Co-requisite	Credit Hours	Contact Hours			
					TH	PR	CL	Total
MATH 101	General Math (1)	-	-	3	3	0	0	3
PHYS 101	General Phys (1)	-	-	3	3	0	0	3
ELI (1) 101	English Language (1)	-	-	3	3	0	0	3
ETEC 100	University Study Skills	-	-	2	2	0	0	2
CPIT 100	Computer Skills	-	-	2	2	0	0	2
Total					13			

Second Semester

Course Code	Course Title	Prerequisite	Co-requisite	Credit Hours	Contact Hours			
					TH	PR	CL	Total
CHEM 101	General Chemistry (1)	-	-	3	3	0	0	3
ELI 102	English Language (2)	-	-	3	3	0	0	3
BIO 101	General Biology (1)	-	-	3	3	0	0	3
EPHS 100	Concept of Fitness and Health	-	-	2	2	0	0	2
BUS 100	Entrepreneurship Skills	-	-	2	2	0	0	2
Total					13
