- 2. Banana smoothies are made from fresh bananas using an electric blender. The fresh fruit gives it that chunky but creamy look. The ice keeps it cool in the hot summer heat. Bananas have a lot of healthy carbohydrates which makes them a perfect food for athletes and people with active lifestyles. Smoothies help to give energy after a difficult workout.

- 4. Banana smoothies, when mixed with yogurt and other fruits like apples or mangos, protect you from stomach ulcers and help your digestive system. Bananas are a low-calorie food; there are about 100 calories in a medium sized banana. They make you feel full, so if you eat a banana, you will avoid snacking between meals.
