

## Writing Final 102

### Unit 6

I prefer to get help from machines. I think machines are faster and don't make mistakes like humans. For example, these are the steps to use the ATM machine to enter your PIN. withdraw money. First, insert the card. Then Make sure no one sees you. Next, read the choices. After that, press "withdraw". Then enter the desired amount of money. Finally, press done, and take your money. This is so fast and easy. That's why I like to get help from a machine.

### Unit 7

There are many reasons why I like saving than buying new things. First, it saves my money. If my mobile is old, I won't buy a new one if it is working. Second, I like to fix things. I can learn to fix things online if I don't know. Finally, buying new things wastes time. I want to spend that time in more important things like gathering with my family. So, I don't like to buy new things and throw old ones out.

## Unit 2

My favorite dish is kabsa. It's colorful and delicious. It's made of meat, rice and tomatoes. You can have it with salad and sauce. It's a very special dish for me because we make it on special occasions like Eid and holidays. It's very easy to make. I make it with the help of my sister. It makes me feel very happy when we eat it with the family. For these reasons, kabsa has a special meaning for me.
