

Q3. Read the following passage on 'Helping the Environment'. Then answer the questions:

There are many ways to help the environment. You can help it by changing the way you do certain things every day. Recycling is a great way to help the environment. For example, you can return the empty glass bottles, paper, and plastic containers to special recycle centers.

Saving energy is another way to help the environment and if you want to help, there are plenty of ways to do so. For instance, turning a light off when you leave the room, using less hot water, and making sure you turn off all electrical appliances when you're done using them.

Finally, you can help the environment by planting a tree. Trees are good for the air and they not only remove harmful chemicals from the soil, but also help reduce the greenhouse effect and global warming. These are just a few of the many ways you can "go green".

1. What is the main idea of the passage?

2. Write any two ways (terms/phrases) used in the passage to support the main idea.

a. _____ b. _____

3. What examples does the writer use to explain the first way? Write any two.

4. _____
5. _____

Q10: Read the following blog post and write your reply/comments: 4 Marks

Michel's Blog: SAVE TREES

January, 2017

Earth has given us many gifts. One of them is trees. Trees are very important to us. Many of our tribes inside forests which have trees. Trees provide us timber to make furniture. Wild animals depend on tree food and shelter. Trees help to prevent soil erosion and floods. They give out oxygen and make the clean and cool. Many products such as paper, gum, rubber etc. are obtained from trees. Trees reduce pollution and increase rain. Birds make their nests on trees. So friends, SAVE TREES by not cutting trees.

Leave your reply/comments (4 complete and meaningful sentences):

1. _____
2. _____
3. _____
4. _____

Write a complete and meaningful sentence (using a prepositional phrase)

1. A driver
